If you are approached to sign a petition against House Bill 6,  
say NO and PROTECT UNION JOBS!

Final piece #1

## **HOUSE BILL 6 SAVES THOUSANDS OF GOOD-PAYING UNION JOBS, INVESTS IN OUR SCHOOLS, AND PROTECTS OUR ENVIRONMENT!**

House Bill 6 is Ohio's largest investment in carbon free energy ever. It saves Ohio's nuclear plants, which generate 90% of our zero-carbon energy, and it ensures funding for the largest in-state solar energy expansion in state history. House Bill 6 provides over \$350 million in tax revenues for our schools and local communities, while guaranteeing cleaner air through less carbon emissions for our families.
